

Where Business meets Generative Intelligence

## Don't Just Learn, Level Up @ SUSS Gen-AI. Business. Global Exposure.

✦ Explore Generative AI & Business Management  
@ Singapore University of Social Sciences

📅 13th - 17th Dec, 2026 📍 Singapore

### ABOUT THE PROGRAMME:

The **Global Certificate Immersion Programme (GCIP)** brings together Generative AI, Business Management and global exposure through an immersive learning experience at **Singapore University of Social Sciences (SUSS)** with exploration of Singapore's innovation ecosystem. With expert-led sessions, practical activities and real-world case studies, students gain insights into the technologies, strategies and skills shaping the future of work.

SUSS champions applied and experiential learning, helping students turn knowledge into action.

SUSS is a leading public applied learning university in Singapore, empowering learners with practice-oriented education, industry relevance and lifelong learning.

From Generative AI to business and digital skills, SUSS focuses on capabilities shaped by emerging industry needs.

## The SUSS Advantage : Business Strategy to Gen-AI
